MEMORANDUM FOR : All CS Historical Officers
and Writers

SUBJECT : Identification of Abbreviations,
Acronyms, and Initials

1. Abbreviations, acronyms, and initials are a perennial plague to those of us engaged in recording the activities of our government. In an attempt to make available the more common definitions, the following sources are suggested:

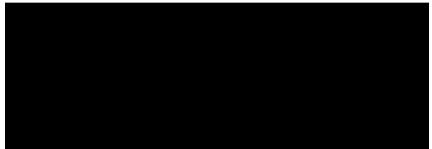

a. The Historical Staff, Clandestine

Services Group has assembled a collection of abbreviation lists and dictionaries. These are available in Room 212 Key Building (x2621).

b. The Reference Branch of the Agency

Library maintains a military abbreviation dictionary in addition to a collection of related references. These are in Room 1E41, Hq. (x7701).
